Are 90 days' supply prescriptions required? Yes _____ No _____

Michigan History

The medication history provides the health care provider with information about your current and past prescriptions. This, allow health care providers to be better informed about potential medication issues and to use that information to improve safety and quality. Medication history data can indicate: Compliance with prescribed regimens; therapeutic interventions; drug – drug and drug allergy interactions; adverse drug reactions; and duplicative therapy.

Consent:

By signing this consent form you are agreeing that you provider at Michigan Kidney Consultants, PC may request and use your prescription medication history from other heath care providers and/or third party pharmacy benefit payors for treatment . This consent form will remain in effect until the day you revoke your consent. You may revoke this consent at anytime in writing but if you do, it will not have an effect on any actions taken prior to receiving the revocation.
